SAMSARA CONGERIES IS ALL EVERYTHING WRITTEN. IF THE WHOLE book is set into xerox, when ever I go back to any page it can be mutated by any process, and added into the mass. this way, when the book is a handheld object, it can break the glass between the silver excessive language & the pulse behind it. damp incessant wet under expanding water. who are the people that really remain inside the breakneck pace. a faster the winding guise of consciousness is breathing and tangling with haywire association and eye to eye with the isms of rescue and departure. rhythm of many sort of centered women having themselves open over the age, faced faceless with arrangement of breath. SAMSARA CONGERIES is the lonely and integrating passion, behind occurrence. he is the I am there, and we behind the appointed tactics, are angling toward an acquired honor. the people breathing water are not immersed in apartness, and my that when I am one of them such otherworld people, I dont have to be the one writing about it, my blood is thin and I am mounting the situation, performer considered to be the sound of his own name a year of the monkey; millenium of water; performer trailing overneath the continual worlds of redness. you are the chameleon, the unicorn, the camel of the keepsake transformation. the ancient and heartkept method of writing is not easily believed, but the limits of the pen and the hand fail to always be the rapid silver digging into eyeless white fields. SAMSARA CONGERIES. issue of the inside caring poets, people transmission for the decade, ten, deca, December 25th, something is about to break and I will be there cracking too, able to deliver an amount of excess, something of a sacred public action complete.
